EXPERIENCE

Dream Oriented Software - *Founder*
Ankara, Turkey | Jan 2020 - PRESENT

We are building products to better human-tech interaction, we've built multiple products in the developer tooling area and assistive software.

Stratera Games - *Co-founder*
Istanbul, Turkey | June 2020 - PRESENT

Our 5-person team is focused on making fun mobile games in Casual+ genre. We have released multiple hit games, and 2 new ones on the way.

Dr. Can Supplements - *CTO*
Istanbul, Turkey | Jan 2019 - Jan 2020

During my work I've built and maintained a custom e-commerce platform specialized for our product line. Oversaw automation of shipping, engineered ways to optimize sales.

Otsimo - *JS Developer*
Ankara, Turkey | June 2016 - May 2018

Worked on a mobile platform for games made for kids with ASD disorder. Made AAC apps and also built the website.

Piksel Bilisim - *Web Developer*
Ankara, Turkey | June 2015 - June 2016

Worked on multiple custom corporate website projects. Built internal tools for automating many repetitive processes. Managed servers and had experience dealing with customers.

EDUCATION

Middle East Technical University, Software Engineering- *MSc. Degree*
June 2020 - PRESENT

Mainly focusing on taking classes that would make me a better process manager and software development executive.

Ankara University, Computer Engineering- *BSc. Degree*
Sept 2013 - Sept 2018

Graduated with 2.84 GPA, learned about the engineering mindset, learned how to learn. Had the opportunity and time to technically improve my skills.
